

# Anti V - Shield

## HIGH PERFORMANCE AND EFFECTIVE WATER BASED ANTI VIRAL COAT

ApcoBuild Anti V - Shield is a water based speciality developed coating product, composite of Silver particles and silan quat. It protects & gives substrates retentive antimicrobial and antiviral properties

It is manufactured by employing state-of-the-art emulsion polymerization technology ensuring product consistency

### ADVANTAGES:

- Easy to apply single component.
- Applied by Brush, Spray or Roller.
- It is a waterbase.
- Coated surface gives ultra-long lasting antiviral and antibacterial activity.
- Coating acts as self-disinfectant.

### FEATURES

- ApcoBuild Anti V - Shield has use of Antimicrobe shield Technology.
- ApcoBuild Anti V - Shield sanitizes the surfaces to make them Virus proof.
- ApcoBuild Anti V - Shield transparent coating giving 99.9% germs kill protection.
- ApcoBuild Anti V - Shield coating is effective for 90 to 120 days.

### AREAS OF APPLICATION

- ApcoBuild Anti V - Shield Application on multiple Surfaces like Glass, Metal, Plastic, Wood, Leather, Paper, Floor, Tiles, Fabrics.
- ApcoBuild Anti V - Shield application for potential areas like Homes, offices, schools, Commercial Complexes, Hospitals, cars, Public Places, etc.
- ApcoBuild Anti V - Shield can be applied on porous and Non-porous surfaces

### METHOD OF APPLICATION

- Ensure Surface to be clean, dry & free from all defective or poorly adhesion material.
- Dilution with any Liquid is not Recommended.
- Spray with sprayer gun.
- Even and plain surfaces Roller application can also be recommended for uniform application

### TECHNICAL INFORMATION

Appearance Film		Milky white liquid Clear and Transparent
Coverage (Sq.ft./Lit.) Depends on surface Porosity		150 - 200
Drying time (min)		30
Handle able time (hrs)		2 - 3 hrs
Adhesion		ok
Film appearance on substrate		clear

### PRECAUTIONS

- General safety precautions such as goggles, gloves and face shield should be used while application.

### PRECAUTIONS

- Keep out of reach of children.
- Keep in cool Place.

### SHELF LIFE

- 12 months from date of manufacturing

### PACKING

- 1, 5, 20kg.
